**Return of Mousse "Mozart "in a 600-gram package," Ariel Bakery"**

The Ariel Bakery factory informs its customers that following a routine inspection of the factory's quality system, it was found a suspicion of the presence of the Listeria Monocytogenes bacteria in the "**Mozart Mousse**" cake in the packing of **600 gr.**, production code **7276**, last date of use **01.02.18**.

The company is working to collect the product from the shelves from their points of sale in the market.

The public who purchased the product is asked not to consume it and return it to the place of purchase for the purpose of obtaining a repayment.

Listeria Monocytogenes is a bacterium that can cause disease in a high-risk population, such as a weakened immune system, the elderly, or cause miscarriage in pregnant women. The Ariel Bakery will take all measures to prevent the recurrence of the case in the future.
