

### Recall announcement – Shufersal company

Shufersal would like to inform her clients about an update by C.E.P Mevo Horon Ltd. ("C E P"), manufacturer of spaghetti Bolognese products, regarding concerns of listeria monocytogenes presence in a number of units that have been marketed to the public:

**Spaghetti Bolognese Shufersal, 500 grams, products code 7296073344742 with the expiry of 29.3.2019 manufacturing code 63 ("the product").**

The listeria monocytogenes bacteria may cause ailment in high risk population, such as those with weakened immune system and the elderly, or may also cause miscarriages in pregnant women.

We wish to emphasize that:

1. The product has been taken of the chain's shelves and the public is requested not to consume the product.
2. C E P has updated the Ministry of Health with the announcement's specifications.
3. Excluding the product (with the specified date only), all the remainder of the company's products are safe for consumption.
4. Clients who have purchased the product may contact us for a refund.
5. The public is welcomed to contact the company's customer support center for any inquiry by telephone number 1-800-68-68-68 or via the company's website and the customer support representatives will be happy to assist.
6. We apologize for the inconvenience.
