

Rajab Dairy, Tamra – Public Announcement

Rajab Dairy wishes to inform its customers that upon self-inspection by the factory, concerns were raised for the presence of listeria monocytogenes bacteria in several product units that were marketed to the public:

1. Bryndza cheese in 400 grams packages, product code 7290003075805, best before date 30.05.20
2. Bryndza cheese in 1 kilogram packages (intended for bulk-sale), product code 7290003075317, best before date 30.05.20

Listeria monocytogenes bacteria may cause illness at high-risk populations such as the immunocompromised or the elderly and may induce miscarriage in pregnant women.

We wish to stress that:

1. We are taking actions to have the products recalled from shelves
2. Customers who have bought these products are urged not to consume them
3. The dairy farm has reported the details of this case to the Food Service in the Ministry of Health
4. This announcement refers only to the above products and best before dates only
5. Customers who have bought these products may arrange to receive a refund for them
6. We are at your service in any question at 052-8400135
7. We apologize for any inconvenience
